

Integration pilots Friedrichshain-Kreuzberg in the refugee church

Integration controllers are linguistic and cultural media and specialise in the low-threshold integration of refugees and newly immigrated people into the districts. They have successfully completed an extensive training consisting of four modules on the structure and tasks of the district administrations/district offices, the educational structures in Germany and Berlin, the basics of social legislation and the basics of communication and consulting, which is continuously supplemented by additional qualifications.

Offers:

Support for refugees and newly immigrated people in the Friedrichshain-Kreuzberg district through information and information on the existing support offers and referral to the specialist agencies.

Accompanying offices, authorities, institutions, institutions.

Support for professionals in community and emergency accommodation, social institutions, offices, authorities and institutions through language and culture communication.
